October 2011

## **UNIMED has launched a petition for the adoption of “Euro-Mediterranean Erasmus and Leonardo da Vinci Programs”**

Five members of the European Parliament, such as Françoise Castex and Vincent Peillon (S& D, France), Franziska Brantner (Green party, Germany), Cristian Dan Preda (PPE, Romania) and Ivo Vajgl (ALDE, Slovenia) have signed an appeal in order to press the European Commission to create an Euro-Mediterranean Erasmus and Leonardo da Vinci programs.

The subscription has already been signed by a large number of members of European Parliament, but still a long way should be done.

It is important that besides the initiative of members of European Parliament, also civil society will mobilize to support the creation of a Euro-Mediterranean space for students and researchers mobility.

UNIMED invites to sign the petition with the aim to press the European Commission to promote a comprehensive program of students' mobility in the Mediterranean.

The petition will be active until November 15th, 2011, and the signatures thus collected will be delivered to the European Parliament and the European Commission.

To sign the petitions, please go to the links:

Please, we need your support!! It's very important, and not only from a symbolic point of view, to collect a large number of signatures from all Euro-Mediterranean countries.
